LETTER OF DEFICIENCY  
WET 2002-02

January 3 2002

Squam Boat Livery  
P.O. Box 159  
Holderness, NH 03245

RE: DES Wetlands File #2001-02102 Rte 3, Holderness

Dear Squam Boat Livery:

On October 25, 2001, personnel from the Department of Environmental Services ("DES") issued an Emergency Authorization Verification (EAV) for the above referenced property, more specifically referenced on Town of Holderness Tax Map 101 as Lot 23 (the "Property"). The purpose of the EAV was for the repair of a boat launch and to reset five concrete waste blocks (*Copy enclosed*).

Upon review of the file and conditions of the EAV the following deficiencies were documented:

Squam Boat Livery, listed as the owner, was required to submit a follow-up application before November 12, 2001.

The Authorization for the EAV expired on November 10, 2001. At which time all work was to have been completed.

In response, you are requested to take the following actions:

Immediately voluntarily refrain from carrying out additional work on the property as it relates to the repair of the boat ramp and the adjacent wall, except to maintain appropriate siltation and erosion controls, to include the turbidity curtain.

Submit a complete, Standard Dredge and Fill application within 20 days of the date of this letter (*Application enclosed*).

RSA 482-A, the New Hampshire Wetlands law, was enacted to protect and preserve wetlands and surface waters from unregulated despoliation. Prior to dredging, filling, or construction in and adjacent to wetlands or surface waters, an individual is required to obtain a permit. If work is done without a permit, this is considered a violation of RSA 482-A. Failure to respond to this Letter of Deficiency in a timely and complete manner may be construed as noncompliance by the receiving party.

DES personnel may conduct another inspection at a later date to determine whether you have come into and are maintaining full compliance with the applicable statute and rules.

Issuance of this letter shall not preclude further enforcement by DES. Failure to comply with RSA 482-A will result in enforcement by DES, including but not limited to the issuance of fines, administrative orders, or referral to the New Hampshire Office of the Attorney General for prosecution of civil or criminal penalties. If an order is issued to you, it may also be recorded with the Registry of Deeds as an encumbrance against your property.

All documents submitted in response to this Letter of Deficiency should be addressed as follows:

Mary Ann Tilton, Senior Enforcement Officer  
Wetlands Bureau  
Department of Environmental Services
